

Eternal Brilliance

The modern-day minimally designed diamond mangalsutra seem to be a unanimous choice among today's brides. The IJS, A'Star Jewellery's "Eternal Brilliance" collection celebrates countless ways to express your love and pays ode to sparkling wedding tales.

Embellished with baguettes and round diamonds, the designs are styled in the form of delicate tanmaniya pendants for women who love minimalist elegance. The emerald and pear shaped drops add a contemporary flavour, while the string of black beads gives a traditionally enriched look to these glamorous pendants.

Faunt your bond of love everyday with our collection of modern mangalsutras available in 18kt yellow gold.
