

## WRAPPED IN GLAMOUR

**A**sian Star hosted its annual diamond jewellery extravaganza, Rendezvous Luxe, for the fifth year running. Mumbai's crème de la crème were treated to a day-long preview of the new couture line at the Trident hotel.

This year, the exquisite designs evoked a unique expression of nature's beauty. Every stylised piece told its own mesmerising story through the glint of gold and the brilliance of diamonds and coloured gemstones. The enriching colours and elements of nature were emulated through exceptional craftsmanship. Leafy diamond clusters in fancy shapes adorned the earrings, rings or covered the bracelets partially. The impressive motifs with sparkly details help you stay ahead of the times.

Take a dekho at some of the handcrafted masterpieces, which are a perfect blend of Indian heritage and Western sensibilities. It's all about getting the 'Ah' factor spot on!
